

# Heritage Lake Emergency Texting System

The HLPOA maintains a database of member phone numbers that is used to send any Emergency Notices by Text to those who OPT-IN to the service. We currently have near 1000 members who have opted in to the service.

We're fortunate that we do not need to use this emergency service often, so you will not get a lot of messages, but the service is there when needed. Your data is never shared, and used only for this intended purpose.

To Sign Up and OPT-IN to the service just click this link: <https://rb.gy/oiwmcg> and fill out the form presented as shown below. From a Smart Phone you can use the QR Code shown.

## Join our list

The POA will use a text message service to send important announcements or notifications. These may include events happening at the lake, lake closing status, local emergencies and other such things you will want to know quickly.
